Watch UbuCon LIVE at SCaLE10x 2012 [bit.ly/yjO3Tu](http://bit.ly/yjO3Tu)

**[iheartubuntu](#)** iheartubuntu

**@nhaines** Has a great radio voice! Listening to him chat right now at **#scale10x @socallinuxexpo**

**[iheartubuntu](#)** iheartubuntu

Just finished listening to great talk about getting involved w/ Ubuntu by **@pleia2** and now listening to **@nhaines** field questions at **#scale10x**

**[iheartubuntu](#)** iheartubuntu

**@nhaines** Cracks hilarious joke about **#Python** language being the best programming language during speech at **#scale10x** - GOOD ONE NATHAN!

**[iheartubuntu](#)** iheartubuntu

**@philipballew** comments during **#scale10x** why he likes Ubuntu: Easily customizable! You could have the same system, but meet the needs of all.

**[iheartubuntu](#)** iheartubuntu

Another Ubuntu joke from **@nhaines** - "Ubuntu is an African word for I cant configure Debian" ... The crowd at **#scale10x** erupts in laughter!

**[iheartubuntu](#)** iheartubuntu

More to come from UbuCon 2012 at **@socallinuxexpo** today... Speeches by **@ralferix @castrojo @nhaines** and Richard Gaskin of **@FourthWorldCorp**

**[iheartubuntu](#)** iheartubuntu

**#scale10 @socallinuxexpo @nhaines** is going around the room at UbuCon and listening to everyones introductions. Very interesting!

**[iheartubuntu](#)** iheartubuntu

Looks like Waldo is in the house at **#scale10x @socallinuxexpo**LIVE FEED  
- [socallinuxexpo.org/scale10x/video...](http://socallinuxexpo.org/scale10x/video...)

**[iheartubuntu](#)** iheartubuntu

Interesting lightening talk right now about a guy setting up Ubuntu computers at a school(s) right now at **#scale10x @socallinuxexpo**

**[iheartubuntu](#)** iheartubuntu

When someone at **#scale10x @socallinuxexpo** says he is using Ubuntu for robots, **@nhaines** announces he has no robots (yet).

**iheartubuntu** iheartubuntu

Crazy guy stands up during UbuCon & says he used Ubuntu but now uses Windows. He should be at Windows Conference. [#scale10x](#) [@socallinuxexpo](#)

**iheartubuntu** iheartubuntu

Just want to "wave" to all my friends at [#scale10x](#) right now  
[-@philipballew](#) [@pleia2](#) [@nhaines](#) [@dwonderly](#) [@FourthWorldCorp](#) [#jbermudes](#)

**iheartubuntu** iheartubuntu

[@nhaines](#) cracks another joke about his Ubuntu comp "One thing I like about my 64 bit system is that it crashes so much faster." [#scale10x](#)

**iheartubuntu** iheartubuntu

Looks like I will have to talk to [@nhaines](#) about doing an Ubuntu speech for [#scale10x](#) 2013 looks like there are a few empty breaks available

**iheartubuntu** iheartubuntu

Great intro speech about Ubuntu at [@scale10x](#) [@socallinuxexpo](#) by [@pleia2](#) this morning. Catch the rest of the talks here [socallinuxexpo.org/scale10x/video...](#)

**iheartubuntu** iheartubuntu

Ubuntu friend [@philipballew](#) will be doing a speech tomorrow at [#scale10x](#) [@socallinuxexpo](#) This wiz kid is only 19...[socallinuxexpo.org/scale10x/speak...](#)

**iheartubuntu** iheartubuntu

[#peebreak](#) [#coffebreak](#) [#lunchbreak](#) - back in 5 min for more live tweeting (& facebookin') of [#scale10x](#) [@socallinuxexpo](#) via [@iheartubuntu](#)

**iheartubuntu** iheartubuntu

[@ralferix](#) speaks about Cloud Computing at [#scale10x@socallinuxexpo](#) right now. Great speaker and was at [@scale9x](#) last year too.

**iheartubuntu** iheartubuntu

Cloud Computing [#scale10x](#) right now - public cloud, private cloud, community cloud, and there's also Bob Marley's "in the cloud"

**iheartubuntu** iheartubuntu

[@ralferix](#) said he used Goog Translate while in China. China let you? Or did you use TOR? More about internet censorship [iheartubuntu.com/2011/12/lets-s...](#)

**iheartubuntu** iheartubuntu

[@ralferix](#) mentions Ubuntu One with 5GB free as a great place to back up files during Cloud Computing talk at [@scale10x@socallinuxexpo](#)

**iheartubuntu** iheartubuntu

[#scale10x](#) motto "We The People"- Paul-Constitutionally Approves, Romney-15% Good, Santorum-We The Corp, Gingrich-Sleeps w/ all Distros

**iheartubuntu** iheartubuntu

@iheartubuntu is a PROUD media sponsor of [#scale10x socallinuxexpo.org/scale10x/iheartubuntu](https://socallinuxexpo.org/scale10x/iheartubuntu)... congrats to all for all the hard work at SCaLE!

**iheartubuntu** iheartubuntu

I Heart Ubuntu was created in 2010 as a homegrown website covering Ubuntu news, applications, games, and artwork. Dedicated to new users!

**iheartubuntu** iheartubuntu

I Heart Ubuntu also features an Ubuntu news aggregator at [dailyubuntu.com](http://dailyubuntu.com) featuring the best Ubuntu news, in one place.

**iheartubuntu** iheartubuntu

Ralph Pieper wrapping up his Cloud Computing talk at [#scale10x](https://scale10x.org) and then there will be a 1HR break for lunch. Jorge Castro will speak at 1:30

**iheartubuntu** iheartubuntu

Audience exits [@scale10x](https://scale10x.org) very fast to find something for lunch. In an hour Jorge Castro of Ubuntu / Canonical fame will speak [@castrojo](https://twitter.com/castrojo)

**iheartubuntu** iheartubuntu

That was funny to hear a "crazy windows guy" at [#scale10x](https://scale10x.org) UbuCon! Clearly he must be a Mossad, CIA, MI6 or KGB agent working for SOPA!

**iheartubuntu** iheartubuntu

Lunch at [#scale10x](https://scale10x.org) is almost halfway over. That means U are just approaching the counter at a local fast food place & will eat like a vacuum!

**iheartubuntu** iheartubuntu

One person sits down in UbuCon room at [#scale10x](https://scale10x.org) a full half hour ahead of next meeting.

**iheartubuntu** iheartubuntu

I would get there 30 minutes early if I knew [@castrojo](https://twitter.com/castrojo) of Canonical was going to speak!

**iheartubuntu** iheartubuntu

Listening to some dub music now.. "Conman Version" by Apple Gabriel on his new album "Teach Them Right" while waiting for [#scale10x](https://scale10x.org) to start

**iheartubuntu** iheartubuntu

[@nhaines](https://twitter.com/nhaines) is testing the microphone at [#scale10x](https://scale10x.org). Check. Check. Testing. 1, 2, 3. 1, 2. Hello World.

**iheartubuntu** iheartubuntu

Jorge Castro [@castrojo](https://twitter.com/castrojo) sports the new Ubuntu 12.04 Precise Pangolin orange t-shirt. Watch [#scale10x](https://scale10x.org) LIVE right now -[socallinuxexpo.org/scale10x/video](https://socallinuxexpo.org/scale10x/video)...

**iheartubuntu** iheartubuntu

reggae music, jamaican clouds, ubuntu cloud, etc... will all have to wait. **#scale10x** is back again! Check it or wreck it.

**iheartubuntu** iheartubuntu

**@nhaines #scale10x** calls home burned Ubuntu CD's "SharpieWare" as opposed to the professionally minted official Ubuntu discs. Crowd roars!

**iheartubuntu** iheartubuntu

Jorge Castro has been trying to make it to **#scale10x** for 7 years now. Will make up for it by doing several speeches :) Yay!

**iheartubuntu** iheartubuntu

Jorge Castro is talking right now at **#scale10x @socallinuxexpo** about "The Power Users Guide to Unity in Ubuntu"

**iheartubuntu** iheartubuntu

**#scale10x** Jorge Castro points people to his Power Users Guide at [castrojo.tumblr.com/post/479514901...](http://castrojo.tumblr.com/post/479514901...)

**iheartubuntu** iheartubuntu

**#scale10x** Very basic and easy to understand intro to Ubuntu Unity right now (live feed) at [socallinuxexpo.org/scale10x/video...](http://socallinuxexpo.org/scale10x/video...)

**iheartubuntu** iheartubuntu

I missed it. Jorge Castro talks about the "porn mode" in Ubuntu Unity. What was he talking about? the workspace mode? :D

**iheartubuntu** iheartubuntu

CTRL + ALT + T opens a terminal window in Ubuntu Linux.

**iheartubuntu** iheartubuntu

A Simple Backup Strategy For Laptop Computers [bit.ly/z0xgki](http://bit.ly/z0xgki)

**iheartubuntu** iheartubuntu

Ubuntu Unity reminds me of Star Trek and Data working his computer.

**iheartubuntu** iheartubuntu

Jorge Castro of Ubuntu Canonical is so far the most professional and experienced speaker of UbuCon at **#scale10x @socallinuxexpo**

**iheartubuntu** iheartubuntu

**#scale10x** More keyboard shortcuts in Ubuntu.. CTRL + ALT + left arrow = half of left screen, CTRL + ALT + right arrow = half of right screen

**iheartubuntu** iheartubuntu

**#scale10x** Run Pandora through your linux terminal using Pianobar Program [foscode.com/install-pianob...](http://foscode.com/install-pianob...)

**[iheartubuntu](#)** iheartubuntu

**#scale10x** Jorge Castro- "Theres always a Kyle in the audience". Funny but no where near as funny as **@nhaines** many Ubuntu jokes up his sleeve

**[iheartubuntu](#)** iheartubuntu

30 minute break at **#scale10x** UbuCon right now. Next up is **@nhaines** open question & answer session, then Richard Gaskin on customizing Unity

**[iheartubuntu](#)** iheartubuntu

80GB Intel 2.5" SATA II Solid State Drive (SSD) \$80 - Not bad![is.gd/624U6I](https://is.gd/624U6I)

**[iheartubuntu](#)** iheartubuntu

64GB Patriot 2.5" SATA II Solid State Drive (SSD) for \$55 + Free Shipping! [is.gd/PjIJQN](https://is.gd/PjIJQN)

**[iheartubuntu](#)** iheartubuntu

On a side note here.. I have no idea how Jessica Biel can trust Justin Timberlake. Can she seriously trust him anymore? Mic check **@ scale10x**

**[iheartubuntu](#)** iheartubuntu

If you are new to the **@iheartubuntu** website and are against the SOPA and PIPA bills, check out my article about ICANN[goo.gl/xNsbn](https://goo.gl/xNsbn)

**[iheartubuntu](#)** iheartubuntu

Within 10 minutes **@nhaines** should be back on the mic as he is doing some mic tests right now. Wheres Digital Underground when you need them?

**[iheartubuntu](#)** iheartubuntu

**#scale10x @nhaines** will have an Ubuntu question & answer segment coming up in a few minutes. Anything interesting I will post here.

**[iheartubuntu](#)** iheartubuntu

**#scale10x** What differences are coming to Ubuntu 12.04? 12.04 is a Long Term Release = Thats 5 years of FREE Support. Is meant to be STABLE.

**[iheartubuntu](#)** iheartubuntu

**#scale10x** What disc burning software works good on Ubuntu? Brasero? K3B? I like K3B. if one works and not the other, its a config prob.

**[iheartubuntu](#)** iheartubuntu

**#scale10x** One audience member recommends if burning discs is a problem - burn at slower speed, if not dont waste your time, replace drive

**[iheartubuntu](#)** iheartubuntu

**#scale10x** There should be an iPhone and Android remote control App for controlling the new Ubuntu TV - [ubuntu.com/tv](https://ubuntu.com/tv)

**[iheartubuntu](#)** iheartubuntu

**#scale10x** - Tons of questions about the new Ubuntu TV coming out later this year. **@nhaines** drips

a bead of sweat fielding all the questions.

**iheartubuntu** iheartubuntu

**#scale10x @nhaines** still fielding Ubuntu TV questions. He looks around for his water bottle. GULP GULP. OK people, switch topics.

**iheartubuntu** iheartubuntu

**#scale10x** - When will Netflix come to Ubuntu? Just rumors still. Hopefully Netflix will work on Ubuntu TV, and then can easily be ported.

**iheartubuntu** iheartubuntu

**#scale10x** There will be no web browser on Ubuntu TV (no immediate plans).

**iheartubuntu** iheartubuntu

**#scale10x** lots of various questions at UbuCon right now Q&A session. Need help with your laptop? Bring it to the Ubuntu booth tomorrow.

**iheartubuntu** iheartubuntu

**#scale10x** Question about Hulu on Ubuntu TV. Basically no free video access like Hulu. Probably pay apps like Hulu Plus, Netflix, etc.

**iheartubuntu** iheartubuntu

**#scale10x** Q&A session is done with **@nhaines** - he now introduces Richard Gaskin to talk about customizing Unity.

**iheartubuntu** iheartubuntu

**#scale10x** Gaskin runs **@FourthWorldCorp** in downtown Los Angeles. He is a regular attendant of the Pasadena Ubuntu Hour & SGVLUG at Caltech

**iheartubuntu** iheartubuntu

**#scale10x** France plans "Napoleonland" for kids. Russia fires back & announces "Stalinland". Hopefully Germany isnt planning anything soon.

**iheartubuntu** iheartubuntu

**#scale10x** Captivating speech about Unity Customization by Gaskin. Lights down low, jokes abound, EVERYONE is interested in tweaking Unity.

**iheartubuntu** iheartubuntu

**#scale10x** make all sorts of changes to Unity in Ubuntu by typing this into terminal "sudo apt-get install compizconfig-settings-manager"

**iheartubuntu** iheartubuntu

**#scale10x** how to reset Unity in Ubuntu Unity: Press ALT + F2 then type "unity --reset"

**iheartubuntu** iheartubuntu

**@socallinuxexpo** That wraps it up for live tweeting of UbuCon (Ubuntu Conference) at **#scale10x** this year! We hope you had fun! Expo tomorrow!
